Understanding the Animal Kingdom

## Animal Planning

Name of Animal: \_\_\_\_\_

<p><b>Classification</b></p> <p>What animal <b>kingdom</b> group is this animal a member of?</p>	<p><b>Body Parts</b></p> <p>How has this animal's body adapted to survive in this environment?</p>	<p><b>Eat</b></p> <p>What does this animal eat? What clues help you know?</p>
<p><b>Habitat</b></p> <p>Where does this animal live? What <b>adaptations</b> make your animal especially good at surviving in its habitat?</p>	<p><b>Life Cycle</b></p> <p>How are babies born (egg, life young)? How do they grow up and survive?</p>	<p><b>Predators &amp; Defense</b></p> <p>Who might hunt this animal? How could this animal protect itself?</p>
<p><b>Anything else?</b></p> <p>Is there anything unique or surprising you want to add?</p>
