

BINGO ADDITION (WITHIN 100) BOARD Q

K-2nd Grade Mathematics

Put a counter on the number that matches your card.

B	I	N	G	O
45	22	95	FREE SPACE	32
25	34	58	71	96
57	80	FREE SPACE	38	85
76	88	69	53	61
49	FREE SPACE	68	59	35

BINGO ADDITION (WITHIN 100) BOARD Q

K-2nd Grade Mathematics

How to Play:

1. Each player chooses a Bingo Addition Board.
2. Shuffle the Bingo Addition (Within 100) Card Set and place them face down in a stack.
3. Take turns choosing a card from the stack and adding the numbers to find the total.
4. BOTH players put 1 counter on their board where they see the total. If the total appears more than 1 time, players choose which space they would like to cover.
5. The first player to get 5 in a row wins.
