NUMBER PARTNER MATCH GAME BOARD

K-2nd Grade Mathematics

How to play:

1. Shuffle the number bond cards and stack face down.
2. Player A: Choose a number bond card from the pile and find the related addition expression that shows the missing number partner. Put your card on top of the match. Write two equations on your recording sheet to represent related addition and subtraction equations.
3. Player B: Repeat the process from step 2.
4. Players A & B: Continue to take turns matching number bond cards to addition expressions and recording equations.
