

SCOOP, STACK, SORT GAME BOARD A

K-2nd Grade Mathematics

How to play:

1. Players A & B: Take turns using the cup to take 3 separate scoops of linking cubes from your pile.
2. Work together to make each scoop of linking cubes into a stack.
3. Sort and order the stacks from either tallest to shortest or shortest to tallest.
4. Record your sorted stack on the recording sheet.
5. Break apart your stacks and repeat the process with 3 new scoops of linking cubes.
