Understanding the Animal Kingdom

Single Paragraph Outline

Topic Sentence: A butterfly goes through four important stages in its life cycle.

- Detail 1: egg stage → lays tiny eggs on a leaf
- Detail 2: caterpillar stage → egg hatches = caterpillar
- Detail 3: chrysalis stage → forms a chrysalis, transforms
- Detail 4: adult stage → a butterfly comes out

Concluding Sentence: The butterfly's life cycle shows how much it changes from beginning to end.
