

## WHAT AM I? (CLUES) CARD SET

### K-2nd Grade Mathematics

1. I can slide and stack
2. I have 6 surfaces that are the same
3. My surfaces look like squares
4. I look like a dice

What am I?  
cube

1. I can roll
2. I have no flat surfaces, only curved
3. I look like a ball

What am I?  
sphere

1. I can roll, slide, and stack
2. I have 2 flat surfaces that look like circles
3. I look like a can

What am I?  
cylinder

1. I can roll, slide, and stack
2. I have 1 point
3. I have 1 flat surface that looks like a circle
4. I look like a party hat

What am I?  
cone

1. I can slide and stack
2. I have 6 surfaces
3. 4 of my surfaces look like rectangles, and 2 look like squares
4. I look like a tissue box

What am I?  
rectangular prism

1. I can slide and stack
2. I have 5 surfaces
3. 3 of my surfaces look like rectangles, and 2 look like triangles
4. I look like a tent

What am I?  
triangular prism
